COMPONENT DELIVERY SYSTEMS**

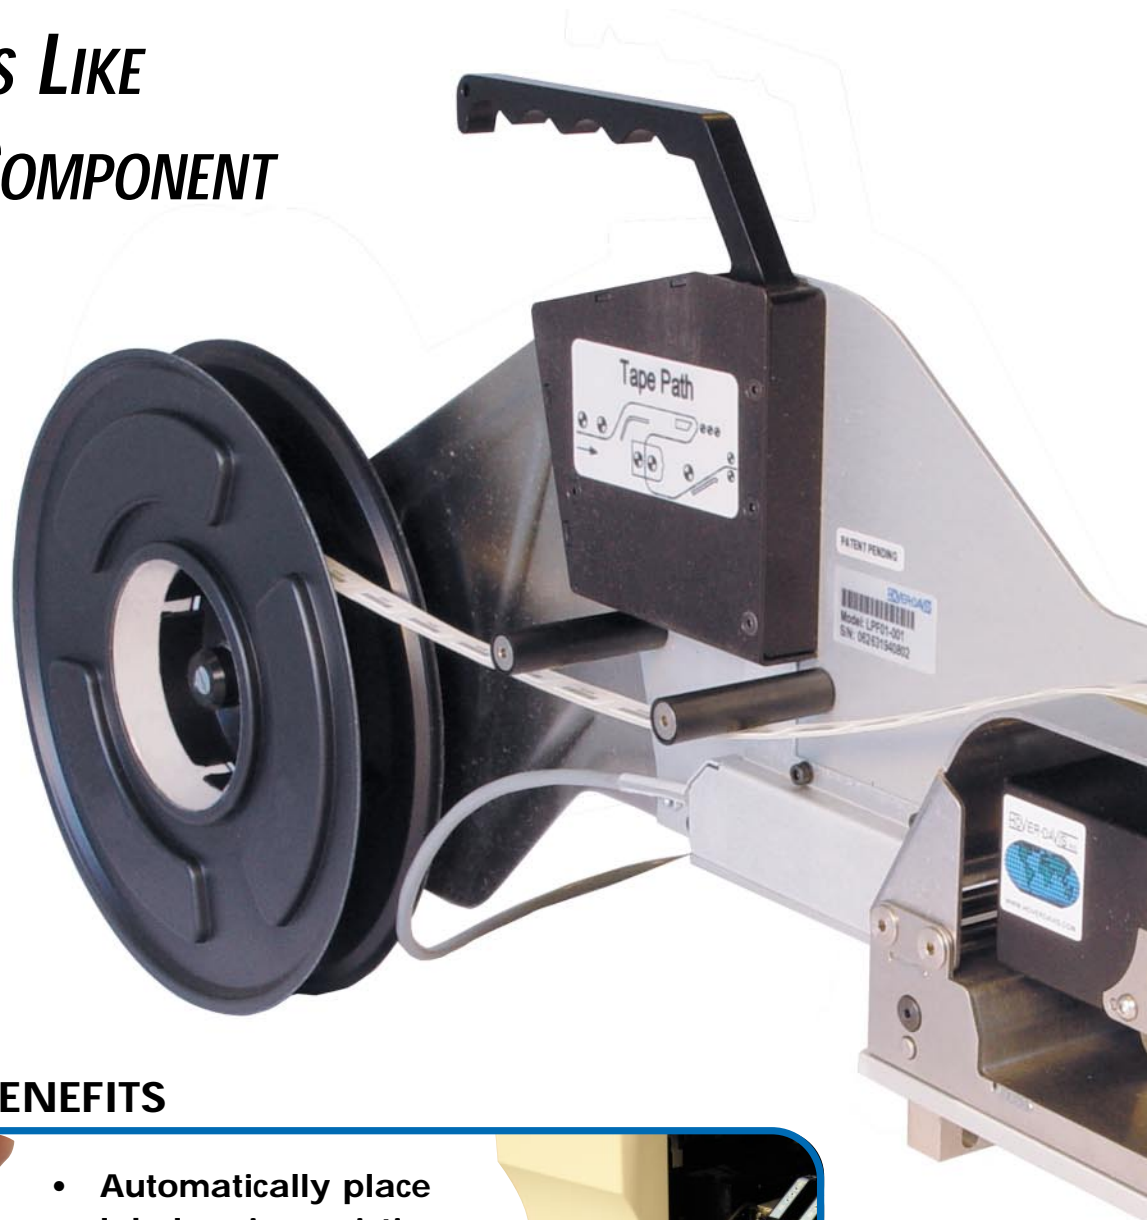

HOVER-DAVIS

Hover-Davis Label Feeder

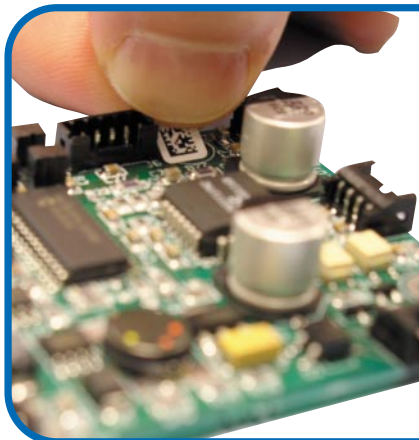

***PLACE LABELS LIKE
ANY SMT COMPONENT***

Base Feeders

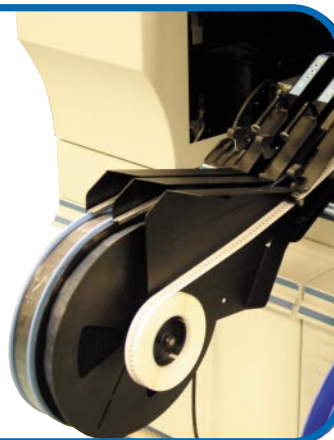

- Reliable, electronic operation
- Mounts to the placement machine like any other feeder

LABEL FEEDER BENEFITS

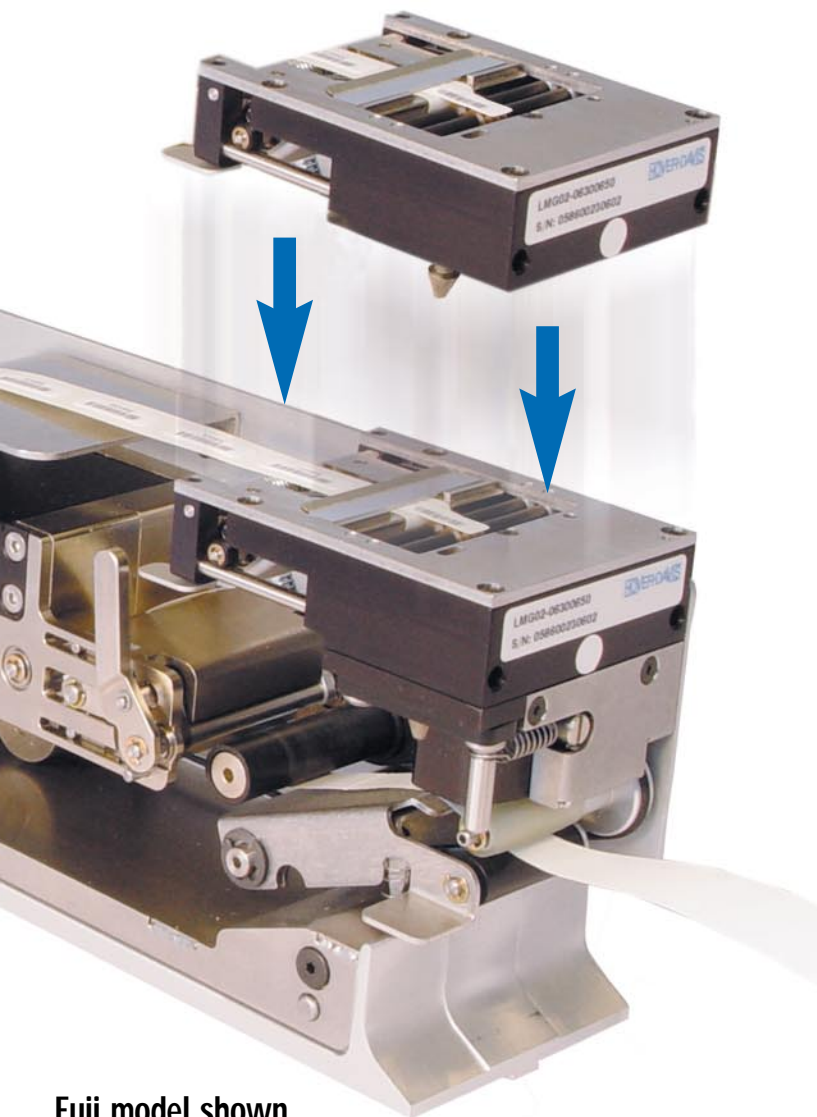

- Automatically place labels using existing placement equipment
- Faster and more accurate than hand placement
- Save time and money

Label Module

- Specifically designed for each label size insuring accurate and repeatable presentation
- Uses unique peel and present concept
- Easy to change to present new label size
- NO tools required

Fuji model shown.
